Our Journey

Xender Pharmaceuticals was incorporated in 2015 by its present Managing Director & CEO, Mr. Chetan Matholiya and Mr. Jayesh Sabva, a visionary and with a rich experience of having worked with various multinational companies. The Company has one state of the art WHO GMP compliant manufacturing facilities and a dominant market reach is all a result of dedication and commitment of the Xender Pharmaceuticals team.

Mr. Ashvin Mathasoliya, a pharmacy post-graduate also joined the company in 2018 as Director Operations and has further enhanced the growth of the company by leading a team of highly motivated professionals, marketing as well as in the manufacturing and exports.

With the vision to serve mankind with high quality and affordable healthcare products we started our journey in year 2015. Keeping innovation & optimism at the core of our operations we were able to come up with unique and effective therapeutic solutions from time to time. Once started, we didn't look back ever. Today we take pride to be among the fastest growing pharmaceutical company with a portfolio of renowned products in healthcare and Nutraceuticals.

Xender Pharmaceuticals is the fastest growing pharmaceutical company providing high-quality medicines for a healthier world. It is a group company of Rednex Pharmaceuticals (engaged in exports and contract manufacturing of leading pharmaceuticals companies). Established in 2018, we produce high-quality branded generics & generic drugs, which we market in India and overseas countries. We have dedicated manufacturing units along with WHO-GMP Certifications. All operations are being carried out in front of highly qualified and experienced team with a vision Quality not Quantity

Managing Director

When I scroll down the years & think of our inception we started Xender Pharmaceuticals 07 years back with a much broader vision to provide Quality Pharmaceutical products with economic viability for healthier & happier lives of people. These past years were years of constant struggle against numerous challenges that we have always taken as opportunities rather than problems. These years have also been years of continuous development, of unprecedented progress in various areas of pharmaceutical excellence, and of realization of a powerful dream.

Our people are our biggest assets and giving them the freedom to think and implement is what helps us execute any challenges coming in the way. High levels of dynamism and perseverance is what helps us grow. Every member of the Xender family shares a common vision of sustained growth and development of the Company inspired by the strength of unity of action.

Over the next decade, our aim is to transform the organisation to an innovative company with an innovative portfolio of the business. Our objective will also be to build global leadership position across all therapeutic areas.
